Summer is coming (we swear!) and it's not too early to think about putting away our snow shovels and preparing to open our swimming pools. Complete this two day course and you will be certified to open and maintain your pool without having to hire a contractor year after year. Eventually certification will be a requirement; so why not be prepared and train your staff now. Students will be awarded a national certification after successfully completing this course and passing the exam. In addition each student will receive:

► **Certified Pool Operator Handbook**
