

# *This Class is a Must!*

## New Lead Paint Legislation Compliance

*Don't miss important information on Lead Safe Work Practices.*

Common renovation activities like sanding, cutting and demolition that disturb lead-based paint can create hazardous lead chips and dust, which is harmful to adults, children and pets.

On March 31, 2008, the EPA issued a ruling requiring the use of lead safe work practices aimed at preventing lead poisoning. Find out what you are **required to do** to protect your residents.

### *Reasons to Attend this class are:*

- Learn what the new EPA Requirements are regarding lead dust.
- Protect ownership from liability claims regarding lead dust
- Personal safety

Thank You to Our Sponsor:

**Instructor:** M.J. White & Son, Inc.

**Date:** Monday, January 19, 2009
